## Centennial Album To Be Presented

The Armed Forces Radio and Television Service has advised Pennsylvania's Gettysburg Centennial Commission the Gettysburg and Vicksburg campaigns will be the subject of its Civil War centennial album "Week of Crises."

Li. Col. Luther B. Sibert announced that three of five 30-minute programs will recreate the battle action as told by on-the-spot newspaper correspondents of the era.

Also included in the album, he reported, will be five five-minute programs discussing the men and events of June 29-July 5, the critical week that proved to be the turning point of the Civil War.

"The programs will be aired over 201 armed forces radio stations around the world."

## BEN GRAUER TO BROADCAST JULY 1 EVENTS

The Gettysburg Centennial Commission announced today veteran radio-television personality Ben Grauer has been engaged as commentator for the opening day program of the July 1-3 commemoration of the 100th anniversary of the Battle of Gettysburg.

The NBC commentator will provide a vivid word-picture of events taking place during the Governor's Day program for the large audience that will be assembled at the Eternal Light Peace Memorial the afternoon of July 1.

Grauer served in the same capacity during the Western Maryland Railway pageant, "Mr. Lincoln Goes to Gettysburg," in 1952. For three decades, Grauer has reported top stories behind the headlines and interviewed many of the world's newsmakers, including presidents, diplomats, Nobel Prize winners and astronauts. His NBC television and radio assignments have ranged from international crises at the United Nations to the first live America-Europe Telstar broadcast. At present, he appears regularly on a number of NBC television and radio programs.

## TO LAY WREATHS

Highlights of the July 1 program are a joint wreath-laying ceremony by the governors or their representatives, an address by Pennsylvania's Governor William W. Scranton, dedication of the Gettysburg commemorative stamp by Postmaster General of the United States J. ## DR. GIFFORD IS REPORTED OUT OF DANGER

Dr. Roy W. Gifford, who suffered a coronary occlusion while performing surgery at the Annie M. Warner Hospital Tuesday morning, is reported in satisfactory condition today. He was "more comfortable" this morning and a hospital spokesman said "he is out of immediate danger."

Dr. Gifford was performing an operation and near its close felt several "twinges." As soon as the surgery was completed he went to the recovery room to rest where he was stricken. It was a "slight" coronary but later in the day the attack progressed. However, he has shown satisfactory improvement and this morning was more comfortable.

## UNDER STRAIN

Ever since the attack suffered by Dr. Gerald Doo seven weeks ago Drs. Gifford and Bruce N. Wolff, surgeons, have been under severe tension and strain, not necessarily from major surgery, but from the many emergencies that develop at all hours of the day and night. Both have been subject to call 24 hours a day since their associate was stricken. This has evoked considerable strain on the two surgeons. They have carried on during all those weeks with little or no time for rest and relaxation.

The medical staff is reviewing the situation today to find some means of caring for the problem and bring some relief during the emergencies.

It is not known when Dr. Gifford will return to surgery nor is it known when Dr. Doo will be available. He is recuperating from his attack at his home.

## TRAVEL GROUP PLANS EVENTS FOR JULY 4TH

Gettysburg Travel Council, meeting Tuesday evening at the West St. Branch of the Gettysburg National Bank, allocated \$450 toward "some type of program" here July 4.

Discussion at the meeting indicated members believe that tourists visiting here July 4 will be expecting a program. Since the state commission's recent list of events no longer includes July 4, the Travel Council voted to provide funds for a special committee set up following a meeting Tuesday night of the Adams County Civil War Centennial Commission to seek to work out some plans for the Fourth.

William G. Shoemaker and George Lower suggested the possibility of a North-South Skirmish Shoot or a re-enactment of Lee's Retreat or possibly both, or some other type program, depending on what can be worked out "at this late date."

Following a report by William Richardson, approval was given for payment of \$756 for a year's use of a large road sign near Amity Hall urging visitation to Gettysburg. Discussion indicated a number of other possible sites for signs 50 or more miles from Gettysburg along well traveled roads and further investigation will be made of the possibility of establishing more road signs.

## BISHOP FUREY SPEAKER FOR MOUNT EVENT

The Most Rev. Dr. Francis J. Furey, V.G., auxiliary bishop of Philadelphia, addressing the 155th baccalaureate services of Mt. St. Mary's College, Emmitsburg, spoke on the inviolable rights of the parent to educate his children.

This right "parents hold directly from the Creator and hence the right to educate their children is anterior to any civil society and inviolable on the part of any power on earth," he said.

He reminded the graduates that this class and their four years of undergraduate study almost parallel the four years of the pontificate of the recently deceased Pope John XXIII. "His Holiness, Pope John, was like unto another St. Francis of Assisi," he said. "The life and works of the late Pope were of simplicity and love for the common people and things of the world which were a true reflection of the life and teachings of Christ and the basis of Catholic philosophy," he further stated.

In conclusion, he said, that if the graduates utilize the philosophy of their Catholic education and follow the teachings of the late Pope they will find the necessary peace of heart that his Holiness, himself, declared necessary to the ultimate peace of the world.

Bishop Furey also presided at the honors convocation which preceded the baccalaureate.

This morning the commencement exercises were held with the Archbishop Lawrence J. Shehan presiding. Senator Thomas J. Dodd, of Connecticut, delivered the commencement address.

## FIGHT IN BAR ACTION BEFORE COURT TODAY

The Adams County court heard arguments Tuesday afternoon over whether a tap room proprietor is responsible if an intoxicated patron of his bar suffers injury.

Attorneys H. Thomas Pyle and Edward B. Bulleit presented preliminary objections of the defendant in the trespass action brought by Bernard Sprankle, Fairfield R. 2, against Virginia Reed, trading as Hillside Inn, located along the Emmitsburg Rd.

Sprankle is seeking damages for injuries received when he fell across a raised section of the floor during an altercation at the Hillside Inn. He claims Mrs. Reed is at fault for serving intoxicants to both him and the man with whom he had the altercation when they were, according to Sprankle, "visibly intoxicated."

Both attorneys cited a number of court decisions in somewhat similar circumstances, and statements of law, some finding that the proprietor is responsible, others that they are not. The court will hand down its opinion later.

### BLOCHER ACTION

Attorney Pyle argued that the instrument produced by David Blocher in alleging that his share in the Blocher Jewelry Store partnership was previously assigned was not actually an assignment, but an agreement to assign. Blocher, who represented himself, handed up a brief on his position in the case. The court will hand down an opinion later.

Leonard J. Smith, New Oxford, was found innocent after a hearing on an appeal from a charge of failing to keep to the right of the highway. The costs were placed on the county.

Carl R. Little, Hanover, appealing a charge of failing to yield the right of way based on an accident in Midway in which his car and a car operated by Miss Christine Riley, Hanover, collided, was found guilty on the charge, and ordered to pay a \$10 fine and the costs.

candles. His face was serene, showing no mark of the four days of suffering that ended with his death Monday night.

On his head was a golden bishop's miter, for the Pope is both bishop of Rome and supreme pontiff of the world's half billion Catholics. The miter reminded Romans that they had lost their bishop in losing their Pope.

The body will lie in state for public viewing until Thursday night. After a private burial service Thursday evening, it will be placed in a crypt in a niche in front of the tomb of Pope Pius XI, in the right lateral nave of the grotto under the main floor of the basilica.

### 9-DAY MOURNING

There was no indication, however, that this would be the final resting place.

The official nine-day mourning period will begin Friday. It may be interrupted for Sunday and for the feast of Corpus Christi on June 13. The last three days will be marked by solemn Mass celebrated by cardinals. Envoys from many nations are expected to attend the final funeral services.

Informed sources in Washington said President Kennedy has designated Vice President Lyndon B. Johnson to represent him. As the faithful of Rome filed past the catafalque, the 50 or more members of the College of Cardinals in foreign lands set out for the Vatican to attend the funeral rites and to begin meeting between June 18 and June 21 to elect Pope John's successor.

### PUBLISH STATEMENTS

L'Osservatore Romano, presumably acting on previous instructions from Pope John, began publishing previously unreleased statements and writings of the dead pontiff.

Of the Ecumenical Council he said: "Will He (God) allow me to see it through? Be he blessed, Will he not? Then from heaven where I hope—am certain—that divine mercy will take me, I shall see its happy ending."

## Police Continue Search For Suspect

State police from the Gettysburg barracks are continuing their search today for a man who forced his way into a Knoxlyn home last Friday morning, attempted to molest a housewife and fled when he discovered the woman's husband was in the house. The man was driving a faded light blue Plymouth automobile with Maryland license plates. Police believe it was a 1952-1954 model.

The man was seen at 7:30 o'clock Friday morning when he stopped at a home on the Littlestown Rd. south of Gettysburg and asked directions to "Pitts Rd." He was wearing a coat-length jacket and light trousers, and at that time also was wearing an army fatigue-type cap. He was wearing combat boots and police believe the coat may have been a fatigue jacket.

The man was described as being white, six feet tall, weighing 200 pounds, short auburn hair, a pocket-marked face and a lump on the right cheek.

Police have issued an appeal to local residents to report the appearance of anyone answering the description to the state police immediately.

## Presbytery Drive Lists Progress

More than half of the \$168,000 objective has been subscribed by Carlisle Presbytery churches in its campaign for the Presbyterian Homes of Central Pennsylvania. Chairman John D. Killian III announced today. A total of \$88,925.25 has been pledged. This represents 52.9 per cent of the campaign goal.

Twenty-five of the 89 churches of the Presbytery have contributed to date, Killian reported. A number of the congregations are conducting personal solicitations of their members and will begin to submit reports this week. Other churches will take action on extent of their participation over the next three weeks.

The campaign is being conducted to pay for expansion and improvement of the Presbyterian Homes for the Aging, three of which are located in Newville and one in Carlisle in the Presbytery which includes the counties of Lebanon, Dauphin, Perry, Juniata, Cumberland, Franklin and Adams, and a part of York County. Two are in Hazelton and one at Mount Joy and at Kennett Square. A home is under construction in Kittanning and the tenth unit will be built next year at Williamsport.

The Lower Marsh Creek Presbyterian Church, Gettysburg R. D., has pledged \$840 and is the only church in Adams County listed to date.

## TRAVEL GROUP

(Continued From Page 1)

The members felt the program will "do good." It was noted that the program marked the value of local museums, etc., in assisting the public in understanding the battle while warning of the danger of loss of battlefield land to commercialism.

Walter B. Lane reported on plans for presentation of "A Day in the Life of a Civil War Soldier," a "living history" program to be held here September 28 and 29 under sponsorship of Travel Council. An old fashioned turkey shoot and a Blue and Gray ball are scheduled for September 28, a recreation of a day in the life of the soldiers on September 29.

Twelve official entries have been received so far for the Civil War Drummer Boy contest to be held Saturday, June 15, as part of the "Campaign Gettysburg" observance of the Junior Chamber of Commerce, according to a report at the meeting.

The Travel Council voted to send a letter to all public officials in the town and nearby townships, noting the desire of the Travel Council that peddlers be controlled during the anniversary period.

### REPORTS NEGROES COMING

William Richardson discussed "information that 80 busloads of negroes are coming here during the anniversary observance to hold a racial demonstration." It was not known if the reports were rumors or what type of demonstration could be expected since there is no discrimination in restaurants, museums, theaters here.

The South Central Travel Council will meet June 19 at 6 p.m. at the Cocoa Inn in Hershey, it was announced.

Repairs are to be made to the Travel Council signs at the college and Lincoln Square.

## Sons Of Acolytes At Field Mass Here 25 Years Ago To Serve Field Mass June 29

Two members of the new generation will carry on a tradition set by their fathers 25 years ago by serving as altar boys at noon June 29 at the Field Mass to be held at the Eternal Light Peace Memorial on the battlefield.

The youths are Joseph Abell, 14, and Daniel Rosensteel, 18, whose fathers, Charles Abell and Joseph Rosensteel, were altar boys for the 75th Anniversary Field Mass which was held on Memorial Field at Gettysburg College in 1938 and which was celebrated by the late Rev. Fr. Mark E. Stock, Msgr. William Culhane, Mt. St. Mary's College, Emmitsburg, was the narrator.

## Court Bars Gov. Wallace From School

BIRMINGHAM, Ala. (AP)—A federal judge today barred defendant Gov. George C. Wallace from his avowed doorway stand against enrollment of Negroes at the University of Alabama.

The injunction by U.S. Dist. Judge Seybourn H. Lynne prohibits Wallace or anyone in concert with him from physically interfering with court ordered desegregation of the state institution.

The order does not ban Wallace from the campus.

In clear language, the Alabama-born jurist spelled out federal supremacy and swept away any vestige of validity in the state sovereignty power claimed by Wallace.

### NO AUTHORITY

"The governor of a sovereign state has no authority to obstruct or prevent the execution of the lawful orders of a court of the United States," Lynne wrote in an opinion which ended in a moving appeal to Alabama's people.

The 56-year-old jurist took a dramatic departure from the stiff formality of court procedure to express a prayer that all Alabamians "will join in the resolution that law and order will be maintained."

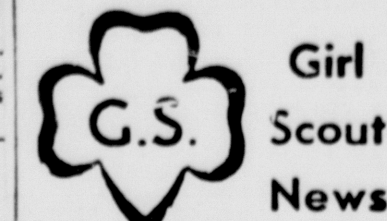

With an air of pathos and concern, Lynne wrote: "I love the people of Alabama."

"I know that many of both races are troubled and, like Jonah of old, are 'angry even unto death' as the result of distortions of affairs within this state, practiced in the name of sensationalism."

Lynne did not elaborate.

The judge said it was clear that unless an injunction was issued, irreparable injury would result "from obstruction to the lawful orders of this court and the consequent impairment of the judicial process of the United States."

Wallace earlier had said he wanted to stand alone to confront the students.

TWENTY-FIVE YEARS AGO

L. I. Sachs Hurt: An automobile collision a mile west of here on Saturday afternoon at 1:15 o'clock caused considerable damage to two automobiles and minor injuries to one of the drivers. Luther I. Sachs, 49, York St. contractor, suffered contusions of the head which were later treated by a local physician when his car was struck by an eastbound machine operated by Walter H. Lindsay, 25 Chicago. Officer J. P. Monaghan of the local substation of the state motor police, who investigated the accident, was told that Sachs had slowed his machine as he drove west and had driven off the right edge of the highway to wait until the way was clear for a left turn across the road. As he attempted to complete the turn his machine was struck by the Lindsay car. Both machines were so badly damaged they had to be towed from the scene.

**Warns Citizens Not To "Trade Liberty For Security":** Citing "new Gettysburg to be fought and won today" in civil instead of military crisis, U. S. Senator Arthur H. Vandenberg of Michigan in the annual Memorial Day Address in the National cemetery Monday afternoon, challenged Monday afternoon, challenge-conceptions of government and liberty of those who have died for their America. In the address which was broadcast to a nation celebrating the seventieth anniversary of Memorial Day, the Michigan senator warned that "those who try to trade liberty for security" might lose both. Standing on the ground that Abraham Lincoln dedicated nearly seventy-five years ago with the pledge that "government of the people, by the people and for the people, shall not perish from the earth" the speaker made frequent reference to the martyred president's Gettysburg address. "If the Constitution needs change," he asserted, "it can properly be changed only by the people themselves. Any other change is treason — treason to American inheritance—treason to Gettysburg—treason to Memorial Day."

**Anniversary's Eternal Light Is Completed:** A memorial from whose bronze urn will rise a perpetual flame in memory of the soldiers who fell on the Gettysburg battlefield of the Civil War was completed today (May 31) on Oak Ridge. The \$30,000 structure, known as the "Eternal Light" Peace Memorial will be dedicated by President Roosevelt July 3 at ceremonies climaxing the national observance of the 75th anniversary of the battle. In the presence of survivors of the Blue and Gray armies, the flame atop the memorial will be lighted for the first time. It will be visible for 20 miles across the southeastern Pennsylvania countryside. Engineers estimate it will cost \$1,000 a year to keep the flame "forever" casting light over the hallowed ground and the thousands of markers and monuments that dot the field. Nearby a virtual city of tents is rising to house the veterans who will gather there next month to pay tribute to their comrades and one-time foes. The federal government is spending almost a million dollars to bring some 2,000 of the remaining 8,000 aged soldiers together for their final reunion. One attendant will be provided for each veteran.

**Mrs. Orner Returns From Ohio Hospital:** Mrs. Arnold Orner, who was critically injured in an automobile accident April 10 near Zanesville, Ohio, returned to her home in Arendtsville late Tuesday afternoon. She had been a patient at the Bethesda Hospital, Zanesville, since the time of the accident. Accompanying Mrs. Orner home were P. S. Orner and E. D. Bushman, Arendtsville, and Miss Senall, a nurse. The trip was made by train to Harrisburg.

Today's Talk

**TRAVEL ALONG WITH CHANGE**  
The essentials in life never change. Honesty is the same throughout the ages. Kindness is forever the same. Human impulses and reactions remain. "New occasions," however, as Lowell once wrote, "teach new duties." It is to this duty that we owe our allegiance, as change in time and circumstance presents itself.

Yet there are so many people who dread change and experience terror from it. The wise doctor says: "Get away. Hunt out new faces, new scenes. Do new things." People get lost in themselves, as well as in the world, at times. Nature is forever changing and it is because of this change that we are vitalized and not allowed to grow stale in mind and body. We pay penalties only when we ignore nature and its suggestions. We violate nature when we grow angry without cause and bring condemnation upon a friend. We are of nature a part. At the last these noddy elements of our mingle with their kind in the earth — and we are as one with it. Even in life, each day stamps a change upon our very faces, and upon the consciousness of our brains.

Euripides said: "Lives are reaped like ears of corn. One is spared, another shorn." Our friend is separated from us. We remain. Some day we shall go and our friend will remain. There can be no error to change were faith is life. The past is a picture of the changing powers of the earth, of time and people. Unless there were something of us vitally akin to the past, in all that we are and experience, history and the story of people, and the formation of the earth would have for us nothing of interest. Change is our teacher. What we do with our lives becomes the measure by which we are judged as students.

Your own vision of a man.

**'Tis not freedom

URGES DIXIE BUSINESSMEN TO INTEGRATE

By HARRY KELLY

WASHINGTON (AP) — President Kennedy has urged 100 business leaders to move faster in breaking down racial barriers in Southern stores, restaurants and theaters.

The businessmen were described in general as ready to "go home and start" desegregating their firms — many of them chains with branches throughout the South.

But a few of the businessmen who sat down with Kennedy at the White House Tuesday counseled him to go slow on legislation that would compel integration of businesses dealing in goods that move in interstate commerce.

**A LITTLE MORE TIME**

The President, expected to ask Congress next week for just such a measure, was advised by two or three of the executives to give voluntary programs a little more time before resorting to compulsion.

But administration leaders, fearful new Negro demonstrations could erupt into a race riot, stress that the mood of the times is urgent.

Secretary of Labor Willard W. Wirtz, spoke of the need for urgent action as he shook a stick at labor unions who refuse to admit Negroes.

He pledged that he would, under orders of the President, use the full federal authority in cracking down on discrimination within unions.

**THREATEN MASS PROTESTS**

If there is not some real progress soon, Negro leaders held out the possibility of mass protest demonstrations in the nation's capital similar to those which led to violence recently in Philadelphia.

At the closed White House meeting were business leaders from 25 states and the District of Columbia—most of them executives of chain stores, theaters, motels, and restaurants operating in the South.

With the President were Vice President Lyndon B. Johnson and Atty. Gen. Robert F. Kennedy. Many of the businessmen had

cers. Their job will be to test every body of water from which a person might take a drink, proclaiming and barricading those which might show any taint. On three other fronts, the department moved on with its share of the observance. One group from the division of hygiene was established to inspect all tourists camps and homes for proper sanitary conditions. A third unit was assigned to check all restaurants and concession stands to see that they comply with rigid health requirements. All persons handling food that will be sold will have to submit certificates showing they do not have any communicable or venereal disease. Preliminary discussions are under way for the establishment of a field hospital in one of the dormitories of Gettysburg College, fully staffed with doctors and nurses. First aid stations along the battlefield may be set up for emergency cases.

**Bishop Names Assistant For Xavier Church:** The Rev. Raphael Gross, C.P.P.S., has been named assistant rector of St. Francis Xavier Catholic Church here, as announced by Bishop George L. Leach. He will assist the Rev. Mark E. Stock, rector here.

**National Guard Staff Includes Two Local Men:** The Pennsylvania National Guard today appointed a staff of officers for duty at the Gettysburg battlefield during the 75th anniversary celebration. Two local men are included: Captain Ralph C. Deatrick, 103rd quartermaster regiment, and 2nd Lieutenant Ralph Keckler of the same regiment.

**Gets Publicity Positions:** Mahlon P. Hartzel Jr. and Warren B. Gilbert, Harrisburg, have been named publicity writers for Gettysburg College. Hartzel will specialize in sports and Gilbert will handle general news here. They will work in the office of C. Paul Cessna, alumni secretary. Hartzel is a son of Mr. and Mrs. Hartzel, East Lincoln Ave.

attended another recent session at which the attorney general urged voluntary integration of public accommodations.

Milton Elsborg, president of Drug Fair Stores, Alexandria, Va., said most of the businessmen who commented on Kennedy's appeal voiced the general view that they would get started in the next few days at integrating their firms.

Repeatedly, according to the participants, the suggestion was made that business integrate without fanfare to avoid arousing strong local opposition.

A Lovelier You

By MARY SUE MILLER

**MASK FOR SKIN PROBLEMS.**  
A skin can become so dry that it pulls the face into a tightly drawn mask. Or so oily as to cause masky make-up, closely

followed by blemishes. Or so lax and lined that a mature lovely is masked with age beyond her years.

And there's where a woman would do well to "fight fire with fire"—a mask with a mask. Cosmetic masks go a long way in helping to remove those stamped on the face.

The type of mask you use, and the variety grows, depends on your problem. Generally speaking, masks are offered in cream, gel, liquid and paste form. Some harden slightly upon application, while some become a rigid pack. Others are nonhardening. All are designed to cleanse the pores, clarify color and refine texture. Hardening masks also firm and lift.

Owing to special formulas, various brands provide individual advantages. Such ingredients as vitamins, moisturizers, marine algae and herbs work to combat dryness and lines. Medicated masks absorb oil and deep-set impurities.

Actually a suitable mask would benefit almost every complexion, particularly in summer when heat and clog take their toll. Seriously veined, sensitive and blemished skins are the exceptions. Otherwise good daily care coupled "h a week, or more frequent, mask will cause your skin to bloom, no withering on the vine for you!"

**CREPEY THROAT AND CHIN**

To firm and uplift sagging facial muscles and flesh, use my four-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "BANISH CREPEY THROAT & CHIN." For your copy, write Mary Sue Miller, Box 158, The Gettysburg Times, Dundee, Ill., enclosing 10 cents in coin and a large, self-addressed, stamped envelope.

Scranton Prepares New Hospital Care Plan For Indigent; To Be Ready Soon

HARRISBURG (AP) — The Scranton administration is preparing a new plan to provide hospital care for Pennsylvania's indigent citizens.

The system would replace the flat state grant to hospitals with a purchase-of-care in order to meet the increasing cost of hospital care for indigents.

Sources hope the legislation will be ready for introduction in the General Assembly within two weeks. Basically, the new formula would:

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller's new wife won tributes such as lovely, charming and friendly in her debut Monday night as New York State's First Lady.

The occasion was a formal dinner attended by about 400 persons, the Rockefellers' first official appearance in the capital since their marriage May 4 in Westchester County.

Both the governor and his new wife are divorced and the marriage has drawn criticism in some quarters. The marriage has also caused speculation as to its effect on Rockefeller's chances of gaining the Republican nomination for president next year.

But their welcome to the capital was a warm one.

It was Dragsville for the Dodgers without Maury Wills. But the fast cat has made the scene again and things are beginning to swing.

Wills, the National League's Most Valuable Player last season with his record 104 stolen bases, rejoined the Dodgers Tuesday night after his latest bout with a bad foot and promptly sparked them out of a losing skid.

He scored both Los Angeles runs, the deciding one after swiping his 12th base of the year, in a 2-1 squeaker over the Houston Colts.

## WIN FOR BUHL

By winning, the Dodgers maintained their third-place tie with Chicago's charging Cubs, who knocked off the front-running San Francisco Giants 6-1. Bob Buhl pitched the Cubs to their eighth victory in the last 10 games with a five-hitter, while eight-game winner Billy O'Dell took his first loss.

The Dodgers and Cubs now are three games behind the Giants and 1½ back of the St. Louis Cardinals.

In the only other NL game played, the Milwaukee Braves netted three runs in the ninth inning with the help of reliever Galen Cisco's wildness and beat the New York Mets 3-2. Cincinnati at Pittsburgh was rained out, while St. Louis and Philadelphia were not scheduled.

## WILLS SCORES FIRST

Wills got the Dodgers on the scoreboard early when he led off against Houston's Dick Drott with a walk, raced to third on Jim Gilliam's double, and scampered home on a wild pitch. In the third, Wills singled with one out, stole second and came in on Ron Fairly's single.

The Cubs capped the previously unbeaten O'Dell for nine of their 10 hits and chased the southpaw in the sixth inning, Ernie Banks and Ron Santo each had three hits and two runs batted in for the Cubs, who were aided by Orlando Cepeda's two errors.

## WALKED IN BIG RUN

Cisco walked across Milwaukee's tying run in the ninth inning and then forced in the winner by hitting pinch batter Mack Jones with a pitch. Prior to their last-inning scramble, the Braves had been stifled on two singles by ex-teammate Carl Willey and were trailing the Mets 2-0.

Hank Aaron got it started with a one-out single, stole second and scored on Don Dillar's single. Another single by Tommie Aaron and a walk to Joe Torre filled the bases—setting the stage for Willey's departure and Cisco's entrance.

## 2,000TH WINNER

INGLEWOOD, Calif. (AP)—Ray York joined the ranks of jockeys who have ridden 2,000 winners when he booted home Sugar Booger \$2140 in the fifth race at Hollywood Park Tuesday. The track presented him with a silver tray.

RYE, N.Y. (AP)—Rep. Jack Westland, the golfing congressman from Everett, Wash., takes a two-stroke lead into the final round of the U.S. Senior Golf Association Championship today.

Westland, a long-shot winner of the 1952 U.S. Amateur title when he was a mere lad of 46, fired a 34-37-71 at the Westchester Country Club Tuesday with a steady performance that included 15 pars, two birdies and one bogey.

## NAIA Tournament In Finals Today

ST. JOSEPH, Mo. (AP)—Sam Houston, Tex. State moved into the championship bracket finals of the NAIA baseball tournament with a 5-0 victory over Mayville, N.D. State Tuesday night.

Ronnie Kluch, hard throwing righthander, stymied the Dakota team on six hits. Outfielder Alan Symington and third baseman Pat Harrop got two hits apiece for Houston.

Sam Houston will meet Grambling, La., in the championship finals at 8:30 p.m. today.

MEXICO CITY (AP)—Mounting American enthusiasm for bullfighting may make the bullring at Tijuana, on the California-Mexico border, one of the most important in the world, predicts famed matador Carlos Arzuza.

Already, he says, it is the most profitable in Mexico and draws the world's top matadors.

The huge Plaza Mexico in Mexico City, largest in the world with a seating capacity of around 75,000, takes in about \$40,000 on an average Sunday during the peak of the season.

But at Tijuana the average runs more than double that figure, says Arzuza. One reason, of course, is that Tijuana can charge more for the government-controlled ceiling in Mexico City.

And a major reason Tijuana can charge more is that 90 per cent of the average turnout comes from the United States, mainly nearby California, he says.

He said he has found interest growing in the United States in bullfighting, which is banned north of the border.

Arzuza calls it an art and not a sport. He has just taken on a new project—a job with the National Tourist Bureau headed by former President Miguel Aleman, Arzuza is a sort of special goodwill ambassador, and will travel extensively.

## TITLE FIGHT ON SATURDAY

By MURRAY ROSE

GREENFIELD PARK, N.Y. (AP)—"I'm going to get out in front and win all the way. Then everyone will know that I am the rightful champion."

Having gotten that off his chest, welterweight champion Luis Rodriguez went to work today in his final boxing drill for his return title fight with ex-champ Emile Griffith of New York at Madison Square Garden Saturday night.

The fun-loving fighter from Miami by way of Cuba won the 147-pound division crown from Griffith on a close but unanimous 15-round decision at Los Angeles last March 21.

That was the night featherweight champion Davey Moore was fatally injured in his losing title bout with Sugar Ramos, another Cuban exile and Rodriguez' stablemate.

Luis' title victory went virtually unnoticed in the hubbub over

## HOME RUN BY POWELL WINS FOR ORIOLES

By MIKE RATHET  
Associated Press Sports Writer

Strongboy John (Boog) Powell, a Paul Bunyan with freckles, hasn't chopped down any trees but he's chopping up many a pitcher while keeping the Baltimore Orioles in the thick of the American League pennant scramble.

Providing Baltimore with a consistent home run threat, the 6-foot-3, 235-pound outfielder slammed a decisive two-run homer on the Orioles cut down the New York Yankees 3-1 Tuesday night and regained first place.

Powell, a 22-year-old left-handed hitter who has learned to harness his bonyanque strength, drove his two-run shot off 23-game winner Ralph Terry in the fifth inning. It was his ninth homer of the season and 27th run batted in to go with a respectable .292 batting average.

## CHISOX 3RD NOW

Powell's homer gave the Orioles a 1-game edge over New York. The Chicago White Sox dropped into third place, one game back of Baltimore, by losing to the Los Angeles Angels 1-0 as Dan Osinski pitched a three-hitter.

Elsewhere, home runs by Earl Battey and Bob Allison powered Minnesota to a 5-0 decision over Kansas City behind Jim Perry's four-hitter. Washington's Tom Cheney shut out Boston 1-0 on five hits and Cleveland whipped Detroit 6-4.

Osinski brought his record to 4-1 and lowered his earned run average to 2.42 by pitching his first shutout in the majors for the Angels fourth triumph in the last five games. The only run off White Sox starter Gary Peters, 3-3, came in the second inning when Felix Torres singled and moved around on a hit batter and Lee Thomas' single.

## Fairfield Little League

The Giants edged the Cardinals 3-2 Tuesday evening in the opening league game by scoring a run in the bottom of the last inning on back to back singles by Randy Slonaker and James Benner.

A walk to Doug Kump, and a hit batsman, Danny Wyatt.

The Giants scored twice in the third inning on three walks, a single by Danny Wyatt, plus some fine base running.

In the fourth the Cardinals tabbed a run on a triple by Jack Deardoff and wild pitch. They added a run in the top of the sixth to tie the score.

Deardoff was the lone batter in the lineup to secure more than one hit in the well-played game.

A revision in the schedule for this week has been announced. There will be no game tonight due to the Sixth Grade graduation exercises. The game will be made up Thursday evening when the Yanks oppose the Cubs. Monday's rained out game between the Braves and Pirates will be played Saturday at 1:30.

## COLIN P. KELLY WON'T TRADE ON DAD'S NAME

WEST POINT, N. Y. (AP)—Colin P. Kelly III, whose father etched his name into the nation's history with valor has vowed to bear the name "with distinction and honor but not trade on that name."

"I am trying to be my own man," Cadet Capt. Kelly 23, told newsmen at the U. S. Military Academy. "I'm very proud of my father's name and very proud to bear it."

Kelly, nicknamed Corky, is the son of the first American hero of World War II. He will be commissioned a second lieutenant in the U. S. Army Wednesday.

The 6-foot, 165-pound cadet from Media, Pa., joins the long gray line of 24,920 West Point graduates since 1802. He stands 316th in a class of 504. His father was 248th in the 293-cadet class of 1937.

### WEDS JUNE 22

On June 22, the publicity-shy Kelly will marry Mary Margaret Cooper of Goshen.

Kelly never knew his father, whose picture hangs on the wall of Church Hall here Kelly was 19 months old when Capt. Colin P. Kelly Jr., a B-17 bomber pilot, was killed in action Dec. 10, 1941, just three days after the Japanese attacked Pearl Harbor.

The pilot ordered his crew to bail out of his bullet riddled aircraft during an attack on a Japanese warship in the Philippines.

His valor, at the start of the war, gave Americans a rallying point and a hero to honor. He was the first West Point graduate killed in the war.

His heir's career subsequently became the concern of President Franklin D. Roosevelt, President Dwight D. Eisenhower and Gen. Douglas MacArthur.

### MUCH SUPPORT

Never before or since have such prominent Americans taken such a personal interest in the making of a young officer.

On MacArthur's suggestion, Roosevelt on Dec. 18, 1941, wrote a letter "to the president of the United States in 1956," asking a Military Academy appointment for young Kelly.

The independence of young Kelly prevented Eisenhower from honoring the request. The youth chose to compete for an appointment as the son of a deceased veteran.

Kelly plans to follow a military career, "the full 30 years," but doesn't intend to remain in service if he finds he does not measure up to his fellow officers.

He will be assigned to the Armor Center at Ft. Knox, Ky., and later to Ft. Benning, Ga., where he will take airborne and ranger training.

## 120 KILLED IN CHURCH CLASH IN PAKISTAN

KARACHI, Pakistan (AP)—Police reported that 120 persons were killed and 26 injured Tuesday in a clash between Shiite and Sunni Moslems in a village 250 miles north of Karachi.

The Shiite Moslems reject the first three caliphs—the first three rulers of the church after the Prophet Mohammed died—and recognize the prophet's son-in-law as his true successor. The Sunnis are Orthodox Moslems.

A police report said "miscreants" interfered with a Shiite religious procession. An enraged mob of Shiites then set fire to the village of Thari, and followers of both sects rioted.

The police fired tear gas shells to restore order.

Two people were killed and sev-

eral injured in a similar clash Monday in Lahore. Later 180 persons were arrested and a 12-hour curfew was imposed.

In neighboring Iran, Shiite religious processions turned into anti-government demonstrations with between 15,000 and 20,000 marching on the university in Tehran.

There have been Shiite observances for the past three days commemorating the opening of the sect's month of mourning for their founder.

Iranian government sources said conservative Shiite clergy who oppose the shah's land reform and rights for women programs were turning the religious observances into political demonstrations.

SAIGON, South Viet Nam (AP)—A U.S. Army officer was critically wounded by Communist ground fire Monday while a passenger in a helicopter south of Saigon.

The wounded man was brought to Saigon for surgery. Authorities withheld his name.

## WCTU TO MEET FRIDAY NIGHT

The date for the regular meeting of the York Springs local for WCTU has been changed to Friday, June 7, at 7:30 so as not to conflict with several vacation Bible schools in the community.

Due to a special program, this meeting will be held in the Methodist Church. The two youth branches, Youth Temperance Council and the Loyal Temperance Legion, will meet in the parish house as usual.

The WCTU program will center around the theme "Dimensions in Outreach." As a group of local women the members are interested in extending the work among the children and youth and even to work in foreign countries. Emphasizing the Department

of Child Welfare on White Ribbon recruits, the WCTU will enlist young mothers to "dedicate their preschool children to the principles of purity and abstinence" as White Ribbon recruits. Mrs. Nora Leer, county director of White Ribbon recruits, will conduct a service for those mothers whose children have not been enrolled before. Since June is the month to give Light Lines to help extend WCTU work in foreign countries, there will be reports on this work and an exhibit.

A feature of the evening will be a Scripture speech contest by five children who have formerly won the bronze medals. Three of these contestants are Michele Hinkle, Connie Dehaven and Jonathan Bowers of York Springs and two are from Franklin County, David Kipe and Roy Burkholder. These will compete for their second pin. The WCTU will sponsor a speech contest in any church, Sunday School class or youth group if the groups will help to organize and assist the contestants. Persons interested should contact Mrs. Bennie Fa-

## News From Upper End

## County Fruit Crop Will Be Comparable To 1962 Harvest Despite Cold, Dry Spring

The 1963 fruit crop in Adams County will be approximately the same as last year, according to reports from fruitgrowers who say that as of June 1 orchards showed about the same degree of progress and development as they showed for the same date in 1962.

Dr. Fred Lewis, Fruit Research Laboratory, Arendtsville, said that yellowing has disappeared from the local orchards with the recent rainfall and that foliage and orchards generally have recovered from the early effects of drought and low temperatures. He said that yellow conditions frequently result from shortage of rainfall that prevents the proper action of fertilizer into the soil. He indicated that orchards generally are in good condition and that a large percentage have good crop prospects.

"We now have enough rainfall to get us over the crisis," he said. Many sections reported nearly two inches of rain in the two days.

**LOW SPOTS HIT**  
Donald Horst, procurement director for the C. H. Musselman Company, said that "the low spots in the county were hard hit by frosts," over the past several weeks, particularly in apple orchards.

"However, in the same orchards in slightly higher elevations there was no frost damage," he said. The York Imperial harvest this year will be on the light side, he added, partly because this is an "off year for Yorks" in some orchards and because some of the blossoms were damaged by

low temperatures. He believes, though, that the county will have substantially the same size harvest as last year.

Much of the cherry damage in the county occurred last winter, Horst said, although he said it was not of a permanent nature. He explained that where cherry damage there was little frost damage over the past three weeks.

Raspberries are showing some damage, he said, as the result of frosts during the blossom period. Between five and 10 per cent of the tomato acreage in the county had to be replanted, Horst said, as the result of frosts several weeks ago which wiped out practically all of numerous plantings. He added that the rainfall Sunday and Monday places the new plantings in an excellent position for development.

## STATE CROP DOWN

William M. Lott, president of Association, said that state-wide effects of winter kill and spring frosts have reduced the apple and peach crops by one-third and have cut the cherry harvest 25 per cent. Erie County suffered extreme damage to cherries and peaches and is badly hurt in grapes, he said. The state normally produces 9,500,000 bushels of apples, 3,000,000 bushels of peaches and 10,000 tons of red cherries.

## Tighter Credit Control Seen In Higher Interest Rates On Borrowed Money

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP) — Interest rates are rising on short-term loans. The increases stretch all along the line from the U.S. Treasury to lenders to business.

The question is whether this is a passing phase caused by special situations or a definite move by the money managers to tighten up on credit.

They could be acting to brake any incipient speculative flurry that some see starting in the stock markets. Or they could be bolstering the American dollar against foreign pressures stronger than Washington has officially admitted.

### SWITCH THINKING

Also doubtlessly affecting money management thinking is the switch of late from fears of a recession to belief that business activity is due to expand at a faster rate.

The Treasury this week is paying more on its 91-day bills than it has in three years. The latest rate of 3.023 per cent thus swings higher than the Federal Reserve discount rate of 3 per cent charged on loans to its member banks. This is the basic rate on which banks scale their own charges to borrowers.

If the Treasury rate stays higher, pressure for an increase in the discount rate will be strong. This in turn would affect bank charges, in spite of the ample funds most of them have available for lending to business, to home builders, to seekers of consumer credit.

### PRIVATE LOANS UP

At the same time the Treasury was finding it must pay more for 91-day loans, private borrowers were finding they must pay more, too. Several sales finance companies raised by one-eighth percentage point the rates on promissory notes they issue and sell to investors. They use the borrowed money for loans to consumers.

Similar increases were made by commercial paper dealers. They sell four- to six-month notes for various industrial concerns and some finance companies.

Bankers acceptances also went up by the same amount. These are drafts guaranteed by a bank. Usually they are issued to finance international trade.

As a sideline to all these increases perhaps, prices of bank stocks generally advanced. Higher interest rates aid them to increase their earnings.

The Treasury probably wasn't too upset at having to pay a bit more on its weekly offerings of 91-day bills. The money managers have been striving for several years to keep yields on short-term

### DOLLAR PRESSURE ON

loans high enough to discourage the outflow of hot money to for-

eign shores.

This highly volatile money is the sum idle at any given time and in search of quick in-and-out investment opportunities at the highest return. The flow of hot money to Europe in the past when yields there were much more attractive than here was one of the biggest items in the U.S. deficit of international payments.

The deficit, lasting now for five years, has put pressure on the value of the dollar in world markets, and has from time to time caused sizable loss of the U.S. Treasury's gold reserves.

The rise in short-term rates here could be temporary. And it could be confined to that market without affecting the long-term market where funds available for investment are still reported ample.

But if the interest rate climb reflects a change in policy by the money managers toward tighter credit, the effect could spread in time to the general economy—to borrowing for speculation, for business expansion, for home or commercial building, for building and carrying inventories.

Most Wall Street observers are betting today that moderately tighter credit is the new goal.

## FINAL VOTE ON LIQUOR LEVY IS NEAR IN SENATE

HARRISBURG (AP)—The Senate Republican leadership rolled the liquor and wine excise tax increase bill toward a final vote today in the face of opposition by two of its own members.

Majority Leader James S. Berger expressed hope of converting the two Republican holdouts or of picking up one or two votes from the Democrats.

After a two-hour GOP caucus Tuesday, Berger said he had only 25 votes for the \$12.5 million bill. Twenty-six are needed for passage.

### PECHAN A HOLDOUT

Sen. Albert R. Pechan, Berger's assistant floor leader, conceded he was one of the holdouts. The other was reported to be Sen. Thomas A. Ehrgood, R-Lebanon.

"I definitely will not vote for it," said Pechan, repeating his contention the bill would wreck the liquor industry in Pennsylvania and cause increases in bootlegging and illegal importation of alcoholic beverages.

Ehrgood said he hadn't made up his mind.

Both Ehrgood and Pechan have distilleries in their counties.

Anyone interested in joining is asked to contact Mrs. Charles F. Stouter, president. Members in charge of the exhibition are: Mrs. Charles Harner, Mrs. Luther Cregger, Mrs. Victor Fiery and Mrs. Charles Stouter.

Mr. and Mrs. Patrick Boyle announce the birth of their second child and daughter on Thursday.

Mr. and Mrs. Charles Pitzer and family, Elmira, N. Y. visited over the weekend with Mrs. Pitzer's parents, Mr. and Mrs. James Arnold.

Mr. and Mrs. Walter Topper and daughter, and Mr. and Mrs. Raymond Topper and son, all of Baltimore, spent the weekend with Mrs. Stella Topper and Mr. and Mrs. Donald Topper and family.

Mrs. Robert Mahoney and children, Beltsville, visited with her mother, Mrs. Jackson Humerick, Saturday.

Mr. and Mrs. Francis Glass and family, Taneytown, visited

ty in the Republican caucus, went into secret session on their own in an effort to present a solid front of opposition to the tax measure which boosts the rate from 10 to 15 per cent.

While the Senate was advancing the tax measure, the House gave unanimous approval to legislation establishing a policy making state Board of Education.

Whisked through the House without a debate on a vote of 198-0, the measure was sent back to the Senate, which passed it originally, for agreement on House amendments.

### HOUSE CHANGES

The House changes would make the superintendent of public instruction the board's chief administrative officer, but without a vote.

The Senate is expected to give quick action to the measure. The board of education will be a key feature of Gov. Scranton's proposed program for education.

The governor would name membership of the board. Other highlights:

Highway commission—The Senate passed 50-0 and sent to the House an administration bill setting up a nine-member state Highway Commission to advise the Highways Department on long-range construction plans.

Anthracite — The Scranton administration's anthracite strip mining bill was introduced in the House. It calls for complete backfilling of pits up to 100 feet in depth or pits within 100 feet of a highway or 250 feet of any building.

Bituminous—The House accepted several amendments to the administration's bituminous strip mining bill and moved it into position for a final vote tomorrow. The major amendment was to remove landowners from joint liability from strip mine operators.

Hunting — A bill prohibiting hunting parties of more than 25 persons was approved by the House Game Committee and was sent to the floor.

Labor—A resolution calling on Pennsylvania labor unions and industries to review their membership and employment practices was introduced in the Senate.

## ANXIOUS KIN AWAIT SEARCH FOR LOST DC7

By THE ASSOCIATED PRESS

Anxious wives, parents and other relatives had waited for some hopeful word on the fate of 101 persons aboard a military, chartered DC7 airliner which crashed into the sea off the coast of British Columbia.

But messages Tuesday from ships at the scene indicated there was no hope of survivors.

Debris and bits of bodies were picked up from the squally North Pacific and the rescue ships radioed that "evidence indicated an impact of great force."

Among those on board the four-engine propeller-driven Northwest Orient Airlines plane were 13

with Mrs. Glass' parents, Mr. and Mrs. Bernard Kelly, Sunday. Mr. and Mrs. Truman Hamburg, Taneytown, announce the birth of a daughter on Monday. Mrs. Hamburg is the former Miss Ann Marie Myers, daughter of Mr. and Mrs. Edward Myers,

women, including two stewardesses, and 20 children ranging from 10 months to the late teens.

Besides a crew of six, the plane carried 58 servicemen, 22 military dependents, and 15 other civilians — employees of the Defense Department and their families.

They had gathered at McChord Air Force Base, Wash., from all parts of the country for Monday's flight to Anchorage, Alaska.

They included a mother and her four daughters, a Red Cross supervisor, a former school teacher recalled to duty, a soldier, his wife and daughter, a girl student, and a stewardess who probably wouldn't have been on the plane if the airline had known she was married.

Seven family groups apparently were wiped out or left with only one surviving parent as a result of the crash.

Passengers included the wife and four children of M. Sgt. Michael P. Almose, attached to the Army's Alaska Support Command; the wife and four children of Airman IC Robert D. Scott, stationed at Elmendorf AFB, Anchorage; and the wife and two children of Airman QC Robert E. Smith, also stationed at Elmendorf.

Scott's wife, Madeline, of Panama City, Fla., was enroute

with their children to join him. Also aboard the plane were S. Sgt. Joseph I. Whipkey, 36, an Army medical corpsman for 18 years; his wife and two teen-age daughters; Army SP5 Frank B. Mann, 23, his wife and 10-month-old daughter; William G. Partington, a civilian working for the Air Force, his wife and three sons; and A. J. Messner, another Air Force civilian employee, and his wife.

## U. Of Virginia Signs Naponick

PITTSBURGH (AP) — "Big John" Naponick is going to the University of Virginia.

The football and basketball star from nearby Norwin High School made the announcement Tuesday night after graduating from high school.

The 6-foot-9, 235-pound Naponick said he had received scholarship offers from about 130 colleges.

Naponick said he hopes to play both football and basketball at Virginia if he can keep up his grades at the same time. He will study medicine.

The big athlete was named to the Associated Press first-team Class A all-state football and basketball squads in 1962.

## Give Up Search For Jap Fisherman

SAN JUAN, Puerto Rico (AP)—Between 10 and 20 Japanese crewmen missing from a sunken fishing vessel were believed lost today. A Coast Guard spokesman said a further search would be useless.

The fishing boat Kaig Maru collided with the Fina Italia, an Italian tanker, about 300 miles northwest of Puerto Rico, early Tuesday and sank eight hours later.

Reports from the unharmed Italian ship indicated the Japanese vessel carried a crew of between 25 and 35 men. Fifteen were rescued and taken aboard the Italian ship, which is due in Portland, Maine, Saturday.

### COURT CHANGES AD

PITTSBURGH (AP)—Duquesne Brewing Co. has been ordered to stop using the phrase "snap top" or "snap open" in advertising its beer sold in cans which can be opened without a conventional opener.

Judge Ruggero J. Aldisert of Allegheny County Common Pleas Court handed down the permanent injunction Tuesday at the request of the Pittsburgh Brewing Co.

## 180 PRISONERS AND GUARDS ILL

PITTSBURGH (AP)—Some 180 prisoners and guards were sickened by food poisoning Tuesday at the Allegheny County Workhouse.

Dr. Joseph Staley, workhouse physician, said many of the men were quite sick, but none was in critical condition.

Some of the prisoners were treated at the workhouse hospital, and others were treated in their cells. None was removed to outside hospitals.

The outbreak, which occurred in a two-hour period in the afternoon, was declared under control by early evening.

The exact cause of the poisoning was not determined but Dr. Herbert R. Domke, county health director, said it appeared the poison came from bacteria in foods kept at warm temperatures.

CLEVELAND, Ohio (AP) — Lt. Gen. Julius G. Kovacs, 68, who commanded the Hungarian army in World War II and was a leader in the fight for Hungary's liberation from Communist rule, died Tuesday.

## CANADA TO BAN FISHING WITHIN 12-MILE ZONE

OTTAWA (AP)—Canada is going to ban foreign fishermen within 12 miles of its coast, apparently to shut out the Russians and the Japanese. Another purpose may be to hamper spying by Soviet trawlers.

American fishermen likely will not be affected. Assurances that special arrangements will be worked out with the United States accompanied Prime Minister Lester B. Pearson's announcement Tuesday that Canada will extend its exclusive fishing zone from three miles next May.

Pearson told the House of Commons that foreign fishing pressure along the Atlantic Coast has increased enormously over the last five years, not only depleting offshore fisheries resources but posing other problems.

Pearson did not elaborate. He may have had in mind fears in some quarters of spying by the huge Soviet fishing fleet that operates regularly in the region.

Canada also plans to revise the basis for measuring its three-mile territorial limit, a line that now follows coastal contours.

The new limit will be drawn in a straight line from coastal points extending farthest into the sea. This will bring thousands of bays, inlets and channels completely within Canadian jurisdiction for the first time.

Fishing on the Great Lakes will not be affected by the changes.

## Willie Pastrano Is Fighter Of Month

NEW YORK (AP)—Willie Pastrano, who pulled one of boxing's most startling upsets last Saturday night when he took the world light heavyweight title from Harold Johnson, is Ring Magazine's Fighter-of-the-Month.

The 27-year-old Pastrano scored a split 15-round decision over Johnson at Las Vegas after entering the ring a prohibitive underdog. Johnson was dropped to the familiar spot as No. 1 contender—a position he held for some time during Archie Moore's long reign as light-heavy king.

Former champion Ingemar Johansson's retirement brought about a slight change in Ring's heavyweight rankings. Wayne Bethea of New York made the ratings in the 10th spot.

Irish Brigade during the Battle of Gettysburg, and the monument to the Irish Brigade near the Loop, southwest of the Wheat Field, consists of a large Gaelic cross with a wolfhound at its base.

### NAME NARRATOR

Rev. Fr. Joseph P. Kealy, pastor of St. Francis Xavier Church, who presided at Tuesday evening's meeting, announced that Attorney William Ball, Harrisburg, will be the narrator for the congregational responses for the recitative Mass. He will also act as the official announcer.

The colors carried by the "Fighting 69th" regiment at Gettysburg a century ago will have the position of honor in front of the memorial during the Mass. An altar will be erected on the base of the monument. It will be covered with a canopy.

On the ground level in front of the memorial will be the colors of the 69th, the first time the "tattered Green Rag" carried proudly by the Irish regiment from New York has been out of its display case in the New York armory in many years. Flags of the Irish Brigade Memorial Association, a Papal flag; Fourth Degree Knights of Columbus colors etc., will also be immediately in front of the memorial. Extending

from the sides of the Peace Light and on the base will be colors of Catholic War Veterans units from Pennsylvania, Maryland, New Jersey, New York and the District of Columbia.

### WILL PLAY D'RGÉ

The bagpipers from Philadelphia will play a dirge at the conclusion of the Mass, sound taps and then accompany those attending the service in the singing of "Holy God, We Praise Thy Name."

Albin Malusky, Lebanon, Fourth Degree grand master of the Fifth District of the Knights of Columbus, reported that Fourth Degree Knights, in full dress, plumed hats and sabres from Pennsylvania and other states comprising the Fifth District will serve as a guard of honor for the procession, from the Peace Light Inn to the altar, of Cardinal Spellman, Bishop Leech and other dignitaries of the church. Catholic War Veterans in uniform, Girl Scouts and Boy Scouts from the Conewago Deanery area will also serve in the guard of honor.

Raymond Menges reported approximately 600 chairs will be available for nuns, priests, distinguished guests and others. Charles Freeling, Charles Abell, G. Noel Flynn and Daniel Sanders were added to the chair committee.

Thomas Cole reported telephone booths will be placed at the site.

Facilities will be available for radio, television and press coverage.

Joseph Hamilton, Carlisle St., will be the organist. Fort Ritchie soldiers will install and operate the loud speaker system.

Eugene Long reported the Bonneauville ambulance will join a Gettysburg ambulance and will stand by in case of need.

Joseph Rosensteel, Edwin Smith and James Sneeringer will be in charge of "policing" the area after the Mass.

State Police Sgt. David K. James, Ernest Simpson and R. Thomas Adams, president of the Adams County Fire Police, with members of their staff, checked the parking facilities and plans for traffic control.

The next meeting of the committee will be held June 14 at 7:30 p.m. in Xavier Hall.

Forty-three persons attended the meeting.

HAVANA (AP)—Prime Minister Fidel Castro slipped back into Cuba unnoticed Monday as public attention focused on the death of Pope John XXIII.

Castro's secrecy-shrouded arrival at Havana airport from the Soviet Union reportedly took President Osvaldo Dorticos by surprise. No one met Castro, not even his bodyguards.

All Moscow papers carried front-page accounts today of Castro's departure. Soviet Premier Khrushchev and Defense Minister Rodion Y. Malinovsky saw him off after a five-week visit.

VICTORIA, Mexico (AP)—Forty persons are being held for questioning in connection with a bloody sacrifice by a sect of fanatics resulting in five deaths.

Two persons were burned at the stake and three others perished in a subsequent gun battle Friday at a cooperative farm 85 miles north of here. Fifteen members of the sect and three policemen were injured.

WASHINGTON (AP)—In the news from Washington:

SHARP DISSENT: Whatever may go on behind closed doors, Supreme Court justices rarely let their feelings slip into public view during the oral announcement of decisions.

Monday was one such occasion as Justice William O. Douglas ripped into the reasoning and writing of Justice Hugo L. Black, a fellow New Deal veteran who, with Douglas, forms the nucleus of the court's liberal wing.

As the senior judge in point of service, Black was presiding in the absence of Chief Justice Earl Warren, who is in Spain. With evident pride, Black read the court's opinion—written by him—that upheld most of Arizona's claims in a 40-year-old fight with California over the waters of the Colorado River.

Douglas then read his dissent. His voice rising occasionally in near anger, he called Black's opinion "a committee report rather than an opinion worthy of this court."

Noting that the decision was 52 pages long, Douglas said: "The advantage of a long opinion is that it's very difficult to see how they fail to reach the right result. You get lost in the words."

FALLOUT: A Weather Bureau fallout expert says measurements throughout May point to a doubling of worldwide levels of strontium 90 this year.

The amount of the bone-destrating radioactive material that reaches earth, Dr. Lester Machta told the Senate-House Atomic Energy Committee Monday, depends greatly on rainfall. Because the East has more rain than the western part of the country it has larger amounts of strontium 90, he said.

Another witness, Dr. Paul C. Tompkins, executive director of the Federal Radiation Council, said there is no indication that fallout from nuclear weapons tests has reached a level harmful to human life.

JOHNSON: The Communists can't compete with the West because they put the value of human life below that of their system of government, Vice President Lyndon B. Johnson said today.

Johnson said in a speech prepared for the presidential awards ceremony that Maj. L. Gordon Cooper Jr.'s 22-orbit flight gave the world a "34-hour short course" in how much the United States values the life of a single individual.

"On that flight, the world's strongest nation admittedly had its prestige on the line," he said. "Billions of dollars and millions of man-hours had been invested to make the flight possible. Yet among every man, woman and child of our 180 million Americans, the first concern — the one concern — was for the life and safety of the man."

President Kennedy will not hold a news conference this week, the White House said Monday. His last news conference was May 24.

PHILADELPHIA (AP)—A scathing verbal exchange between George Schermer, who resigned as executive director of the commission on human relations, and Mayor James H. Tate kept the city's racial controversy simmering today.

The 52-year-old Schermer, a professional in the race relations field, quit Tuesday. He blamed Tate for what he termed making the commission "too weak to cope with the new challenges that have arisen in our community."

Schermer had been executive director since Dec. 26, 1952.

Tate replied that Schermer was running out in the face of the greatest challenge the commission has faced. The mayor said he is drafting a new program to deal with racial problems and plans to meet weekly or bi-weekly with responsible Negro leaders in efforts to resolve grievances.

Schermer's resignation capped a series of controversies over the hiring of negroes on city construction projects which last week led to several policemen and members of the NAACP being injured during picket line scuffles before an agreement on hiring policies was worked out.

# EXPECT COURT RULING TODAY ON WALLACE

BIRMINGHAM, Ala. (AP) — Federal Judge Seymour H. Lynne rules today on the Justice Department's request for an order barring Gov. George C. Wallace from interfering with desegregation of the University of Alabama.

Wallace, who repeatedly has said he will keep Negroes from entering the university, reiterated Tuesday night that he wants to stand alone to confront the students.

"We don't want anyone at the University of Alabama except those who are authorized to be there," he told an educational fraternity.

## ON TV TONIGHT

Wallace announced he would go on statewide television tonight and Sunday to urge people to keep away from the campus.

The Army moved support units of trucks and other vehicles into Ft. McClellan, about 60 miles to the northeast, where 2,000 federal troops are on standby for possible use in racial troubles.

Armed with a federal court order, a second Negro said he would join James H. Meredith today as a student at the University of Mississippi. School officials said no trouble was anticipated with the arrival of Cleve McDowell, 21, an honor student. Some federal troops still are on duty at the university, left there since the bloody rioting last fall when Meredith entered.

## QUALIFIED TO ENTER

U.S. Dist. Judge Sidney Mize said McDowell is qualified for the university's law school and issued an order directing school officials to enroll him.

Also in Mississippi, a Negro mass meeting rejected Tuesday night a proposal from Major Allen Thompson of Jackson that they end antisegregation demonstrations in return for the city's agreement to hire Negroes as policemen and school crossing guards. During the day young Negroes staged numerous small demonstrations and more than 30 were arrested.

**ALBANY, N.Y. (AP)** — Gov. Rockefeller said Tuesday he still considered himself among the ranks of potential candidates for the Republican nomination for president next year.

He said he did not accept the view that his recent marriage had diminished his prospects of winning it.

Luis Arroyo of the Yankees hurled a 1-0 no-hit game for Greensboro in the Carolina League in 1949.
